

Addendum to 2216 Installation Guide:

INSTALLATION NOTE:

Users should be aware that the model 2216 RS-232 Communications Module is currently compatible with our **2600XM** Series Controller only. Future 2600 Series Controllers starting with s/n 0795 are automatically the “XM” Version.

Current model 2200/2600 Series Controllers can be upgraded to an “XM” version. Please contact the factory for further details at 800-282-5008.
